

YARET BARRIOS

Mid Full-stack developer C# & ReactJs

I am a semi-senior full stack software developer with 4 years of professional experience. I have specialized in web development using mainly .Net framework (C#) as back-end technology, SQL Server as database engine and Sencha ExtJs and ReactJs for client side development.

In the last 3 years I have worked with remote teams in the development of web applications for companies in several countries around the world.
